INDEPENDENT AUDITORS’ REPORT

To the Board of Regents
Wisconsin Lutheran College, Inc.
Milwaukee, Wisconsin

Report on Compliance for Each Major Federal and State Program

We have audited Wisconsin Lutheran College Inc.’s compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement and the State Single Audit Guidelines issued by the Wisconsin Department of Administration that could have a direct and material effect on each of Wisconsin Lutheran College Inc.’s major federal and state programs for the year ended June 30, 2013. Wisconsin Lutheran College Inc.’s major federal and state programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

Management’s Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors’ Responsibility

Our responsibility is to express an opinion on compliance for each of Wisconsin Lutheran College Inc.’s major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations; and the State Single Audit Guidelines issued by the Wisconsin Department of Administration. Those standards, OMB Circular A-133 and the State Single Audit Guidelines require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about Wisconsin Lutheran College Inc.’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of Wisconsin Lutheran College Inc.’s compliance.

Opinion on Each Major Federal and State Program

In our opinion, Wisconsin Lutheran College Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2013.
Report on Internal Control Over Compliance

Management of Wisconsin Lutheran College Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wisconsin Lutheran College Inc.’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Guidelines, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wisconsin Lutheran College Inc.’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State Single Audit Guidelines. Accordingly, this report is not suitable for any other purpose.

We have audited the financial statements of Wisconsin Lutheran College Inc. as of and for the year ended June 30, 2013, and have issued our report thereon dated October 3, 2013, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedules of expenditures of federal awards and state awards are presented for purposes of additional analysis as required by OMB Circular A-133 and the State Single Audit Guidelines and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditure of federal awards and state awards are fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards and Schedule of Expenditures of State Awards for Wisconsin Lutheran College, Inc. (the College) are presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and the State Single Audit Guidelines issued by the Wisconsin Department of Administration.

NOTE B - MAJOR PROGRAM DETERMINATION

Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations (OMB Circular A-133) and the State Single Audit Guidelines, issued by the Wisconsin Department of Administration, establish certain criteria for identification of major programs. Under OMB Circular A-133 and the State Single Audit Guidelines, tests of compliance with requirements that could have a direct and material effect on each major federal and state program. The major programs identified in the accompanying Schedule of Findings and Questioned Costs have been determined in accordance with the requirements of OMB Circular A-133 and the State Single Audit Guidelines.

NOTE C - OVERSIGHT AGENCY

The federal and state oversight agencies for the College are as follows:

Federal - U.S. Department of Education
State - Wisconsin Higher Education Aids Board

NOTE D - STUDENT FINANCIAL AID CLUSTER (THE CLUSTER)

Federal awards to provide financial assistance to students are combined on the SEFA and considered to be a single program (Student Financial Aid Cluster) for major federal program determination. The amount of loans made during the year under federal government student loan programs are considered to be disbursements for major program determination. The amounts included in the SEFA represent loans disbursed during the year, plus the related administrative cost allowance.

INDEPENDENT AUDITORS’ REPORT

To the Board of Regents
Wisconsin Lutheran College, Inc.
Milwaukee, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Wisconsin Lutheran College, Inc., as of and for the year ended June 30, 2013, and the related notes to the financial statements dated October 3, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wisconsin Lutheran College, Inc.’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wisconsin Lutheran College, Inc.’s internal control. Accordingly, we do not express an opinion on the effectiveness of Wisconsin Lutheran College, Inc.’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wisconsin Lutheran College, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Wisconsin Lutheran College, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Wisconsin Lutheran College, Inc.'s internal control and on compliance. Accordingly, this communication is not suitable for any other purpose.
