Dear Members of the WLC Class of 2021:

I hope that you're having a great summer and you're excited about getting ready to attend Wisconsin Lutheran College! It won't be too long before you're here and walking to classes!

The Registrar has enclosed your class schedule and has assigned a faculty advisor to each of you. Please pay special attention to the required textbooks for your courses.

You'll meet your faculty advisor during Warrior Orientation & Welcome (WOW) Weekend at a COL 101 – Introduction to College Experiences session on August 26. All freshmen are required to take COL 101 because the course prepares them for pathways of college success and builds an important relationship with their advisors. Faculty advisors have been carefully selected; they are trained and are ready to become friendly partners for a student's academic success. Your advisor is part of a team that includes the deans, professors, coaches, and student life personnel – all of us revved up to make your transition to college a smooth one.

During WOW Weekend, please pay attention to helpful notices about where to find offices for the Student Success Center, the Registrar, Campus Ministry, and your faculty advisor. I extend a special welcome to you to find my office (A214 in the Greenfield Administration Building) for any question you might have about advising.

WOW Weekend is a busy and fun time, and a lot of information will be thrown at you with hopes that the important stuff starts to become familiar. My advice for your first weeks on campus is to never hesitate to reach out for help and to not worry about asking the "dumb question." The faculty and staff at WLC are ready to help – we want to help answer your questions!

See you soon! I hope the remainder of your summer is safe and memorable.
