

June 2021

Dear WLC Warrior,

Wisconsin Lutheran College's Office of Health Services is excited to meet and serve you. Be sure to review this information carefully and consult with your parent(s)/guardian(s) as appropriate. Contact [healthservices@wlc.edu](mailto:healthservices@wlc.edu) with any questions or concerns.

WLC continues to make plans for the 2021-2022 academic year with a focus on returning to a sense of normalcy as well as providing a robust and enjoyable college life experience. Therefore, all students, faculty, and staff are encouraged to obtain a COVID-19 vaccine prior to the start of the fall semester. Additional information about WLC's pandemic response can be found at [wlc.edu/coronavirus](http://wlc.edu/coronavirus).

WLC requires students to provide their health history, immunization record, and health insurance information (see below for further information) to the Office of Health Services. Students who intend to participate in Warriors Athletics have additional forms that must also be submitted. **All forms and appropriate documentation must be submitted to Medicat by July 15, 2021.** Details regarding this new system are found on the next page.

WLC requires every student to have personal health insurance coverage to protect against incurred expenses of an unexpected injury or illness which may affect their ability to remain in school and progress toward graduation. It is important to have access to additional care if/when emergencies or urgent care situations arise. Therefore, if you do not have health coverage, contact Health Services at **414.443.8630** or email [healthservices@wlc.edu](mailto:healthservices@wlc.edu) as resources and available options for obtaining health coverage will be provided.

Wisconsin Lutheran College is committed to promoting health and wellness education and providing services to support student development and success. Many routine care services including wellness checks, ordering lab work, vaccinations, prescription refills, etc., as well as counseling services are available at little to no cost to students. Please visit [wlc.edu/health](http://wlc.edu/health) for more information about these resources.

Thank you for your prompt attention to these important health documents and deadlines. If you have any questions or concerns please do not hesitate to contact me. Enjoy the rest of your summer. We can't wait to meet you in August!

Sincerely,

Jackie Kacmarynski, LPC  
Director of Health Services
